## STATEMENT OF CPNI COMPLIANCE PROCEDURES

TracFone Wireless, Inc. has established and implemented internal operating procedures which are designed to ensure compliance with the requirements of Section 222 of the Communications Act of 1934, as amended, (Privacy of Customer Information) and with the Federal Communications Commission's rules governing Customer Proprietary Network Information (CPNI) which are codified at 47 C.F.R. Part 64, Subpart U.

Primary responsibility for TracFone's CPNI practices and policies resides with the company's SVP of Quality & Assurance in consultation with its Executive Vice President and General Counsel. Those corporate officers have reviewed Section 222 and the FCC's CPNI rules and are thoroughly familiar with their requirements.

TracFone does not make available to any affiliated or unaffiliated entity information which meets the definition of CPNI codified at 47 U.S.C. § 222(h)(1), except when required to do so by law (*e.g.*, when subject to a properly-issued subpoena by law enforcement departments). Neither does TracFone use its customers' CPNI data for any purpose other than 1) to notify customers about impending expiration of prepaid wireless usage purchased by those customers or special offerings on usage purchases; and 2) to notify customers about availability of new wireless telephone handsets.

TracFone will disclose to a customer that customer's own CPNI information after properly authenticating the customer as required by the FCC's rules and regulations.. It will also disclose that CPNI information to a person specifically designated by the customer such as, for example, an attorney who represents the customer in a matter where the CPNI information is necessary to the attorney's effective representation of the customer, but only upon receiving a direct request in writing from the customer.

Since TracFone does not use CPNI for any purpose and does not, under any circumstances, provide CPNI to other entities (except when compelled to do so or as requested to do so by customers), it has not implemented either "opt-in" or "opt-out" approval procedures as those terms are defined at Section 64.2005 of the Commission's rules.

All TracFone personnel having access to CPNI have been instructed in TracFone's policies governing CPNI.

In the event that TracFone, in the future, would utilize CPNI or provide CPNI to other entities other than as described above, it will first provide customer notifications of their CPNI rights as required by the Commission's rules.

These procedures and policies have been specifically approved by TracFone's corporate officers.
